If we set our goal
 High Enough . . .
 Realizing that
 Education is the
 Strongest Foundation
 of a forceful personality . . .
 Keeping an open mind,
 out of class and in,
 Whatever our aim may
 be . . .
 We believe that

Anything Can Happen!

We, the Senior Class of Check High School, present with pleasure the 1961, edition of Checkite. We would like to express our sincere appreciation to all of those who have given so freely of their time and efforts in making this book a reality. We give to you our staff, our classes, our organizations, and our numerous activities that have made up the body of our school.

Through the theme, "Anything Can Happen", we seek to portray our school as it has offered us an education which prepare us for unselfish service.

Our aim has been to create, develop and produce the most outstanding yearbook our school has ever had. As we reminisce in "Anything Can Happen", it is our hope that this book of memories will become valuable as the years pass.

DEDICATION

As we approach the end of these guided years of work, we face the unknown and sense the call of dedication to those things which are noble, just, and true. With the dedication of ourselves to the principles which one has worked so faithfully to instill in us, we dedicate this sixteenth edition of CHECKITE to one who has shown untiring loyalty to the members of the senior class both in and out of the classroom.

She has helped to overcome many pitfalls in high school life with her great understanding and sense of humor.

To express our appreciation we, the senior class, do hereby, dedicate the 1961 CHECKITE to you,

MRS. SUSIE A. VEST

Mr. J. Harold Anderson, Principal

Mr. Anderson has been in our school for the past two years. In this short time, he has served his principalship with guidance, love and dignity for the teachers and students of Check School. Last Will and Testament

We, the Senior Class of Check High School, wish to share with you our past, present, and (through our prophesy) the future.

Many things have happened since we first left our homes to enter school for the first time. We learned to love our first-grade teachers like our own mother. Many were the times that we called our teacher "mother" and vice versa.

Our class gradually formed from various places and schools. To many of us the name of Rifton School, Paynes Creek School, Terry's Fork, and others bring to our minds fond memories. Consolidating the small schools in Floyd county provided for us a better school curriculum, as well as, a better opportunity to participate in extra school activities and enlarge our circle of friends.

As we left the elementary school not only were we anxious for the day to begin our high school life, but at the same time we felt sad to leave our teachers and underclassmates. To our elementary teachers we extend our gratitude and thanks for all of the things they did for us.

As eighth graders, we faced a long up-hill grade. We had very little opportunity to participate in clubs and other outside activities, but we soon became adjusted to high school life and enjoyed the many varied experiences.

In 1956, we entered the eighth grade as a shyless and energetic class of sixty-eight students. Mrs. Garnet King and Mr. Kara Bright, our sponsors, helped to make this a most successful year. They aid us in the perplexity of selecting our subjects for our coming freshman year.

September 1957, vacation over, again we find ourselves entering the sacred halls of Check. Only fifty-five students returned to school. Now we have a distinguished title of Freshman. This year will not be forgotten. It is at this time of a student's life that he begins making decisions for himself. We chose the clubs and outside curricular activities in which we wish to participate, and the curriculum we wish to follow throughout the remainder of our high school. Some choose Academic, while others choose the General or Vocational Curriculum.

With two years behind us and two to go, we think of all of the good times we have had at Check and also look forward with great expectation to the future. This is our Sophomore year in school and only forty-nine of us still together. Mrs. Jacqueline Blackwell and Mrs. Garnet King, our sponsors, contributed much toward making our class realize a most prosperous year.

Our class seems to grow smaller and smaller as the days slip by. This fall, 1959, we enter our Junior year of school with only thirty-nine members. Upon arrival to school we realized we had lost our principal, Mr. Thomas, a person who had always shared our problems and made our work and play more pleasant with kindness and guidance. Our new principal, Mr. Harold Anderson, soon made us all realize that he was always ready and willing to help us with our problems. Not only is he interested in the progress we make in our books, but he is interested in and concerned with our personal and social adjustments.

The day we received our class rings was the biggest thrill we experienced during this year . . . thirty-nine students walking around the school gazing down at that beautiful ring. The long wait had at last ended and now we realize our school days at Check are swiftly passing by.

We presented the Seniors with a prom, using the theme, "Winter Wonderland." This was the main social event of our Junior

year. Many hours of hard work and planning preceded this night. Our reward was exemplified by the good time everyone had. Next year we hope to be the honor guests of the class of 1962.

In the Spring, Mrs. Vera Alta Poage and Mr. John Dennis Harman, our two efficient sponsors, helped us with the successful presentation of our play, "Miss Adventure."

Each year the Faculty of our school chooses, in their estimation, the most outstanding students of Check to represent our class at Boys' and Girl's State at V.P.I. . . . Blacksburg and Radford respectively. These students are selected on their academic ability, character, personality and all roundedness. Students honored from our class were Joyce Aldridge, Brenda Board, and Francis Shockey. The Bent Mountain Women's Club, Check Ruritan Club, and the Check P.T.A. sponsored the group.

Now we are seniors, members of the Class of 1961. Thirty-nine of us ready to accept the responsibilities that encounters a senior. To start the year off, we meet together with our sponsors, Mrs. Susie Vest and Mr. Maurice Brown, to make plans for the year.

Realizing the tremendous responsibilities of the president, the class elected one of our most dependable and capable members, Francis Shockey, Jr. Serving as Vice President of the class is Douglas Reed. Winston McNeil is executing the duties of the office of the secretary and treasurer very efficiently. All activities and functions are recorded by the reporter Sherrie Perdue.

One of the most challenging tasks we will undertake this year, will be publishing the Annual - "Checkite." Here we try to record in this edition all of the activities and happenings that we, as seniors, have experienced or are experiencing this year.

In October the class went to Floyd High School to attend the Career Day Conference. The representatives from various Colleges and professions were very nice to us. We were briefed on the college or professional fields . . . what they had to offer a graduating senior who wishes to further his education.

The University of Virginia were host to all the seniors in Virginia on Oct. 15. We went to Charlottesville by bus. Before going to the games, we went over to visit the home of Thomas Jefferson, "Monticello." We joined the seniors from Willis and Floyd High Schools on the picnic grounds. Each school had prepared a picnic lunch and ate in the picnic area. Although some of the seniors were not interested in Football, everyone enjoyed the day very much. Due to the busy schedule, the fall production of the senior play was postponed until Spring. Since the State Board of Education has limited the extra curricular activities of the schools in Virginia, we have not been allowed to have any socials. Some members of the class attended the F.H.A. and F.F.A. Barn Dance.

The Annual Christmas party was held in the Cottage December 21. At this time we enjoyed dancing. Also, gifts were exchanged. The food committee is to be commended on their planning. For one time, there was more food than we could consume.

May this brief encounter of our high school life be an everlasting link between the past and future, as we individually enter into this intricate in which ANYTHING CAN HAPPEN.

OUR
Ever-Present
CHALLENGE

The prosperity and individual freedoms we enjoy today are hard-earned gifts from our forefathers and must never be taken for granted.

Each new generation must stand on its own feet and preserve these freedoms.

The freedoms we enjoy through the American Way have a high price and must be earned over and over.

W. Somerset Maugham expresses it this way: "If a nation values anything more than freedom, it will lose its freedom; and the irony of it is that if it is comfort or money that it values more, it will lose that, too."
